

## **Cabin List: Log Cabins**

Welcome to the Log Cabins! Luther Village has 2 log cabins that are rustic and in the old fashioned one-room style. Built in the early 1940's, the log cabins have no running water, but there is electricity. They have just gone through a major upgrade thanks to a grant from the Thomas Sill Foundation. There are kitchenettes with microwaves, coffee makers, propane hotplates and a full-sized fridge. They each have 1 double bed and 2 to 5 single beds. The other added bonus to the log cabins is the fully screened porch that looks out over the lake – great for viewing sunsets over Dogtooth Lake! Maximum capacity of the Log Cabins is #1: 4 people and #2: 7 people.

Other kitchen supplies:
